

## Seats Available for the Out-of-Boundary Lottery as of May 9, 2011

Dear Parent/Guardian :

This information was pulled from our computer system on May 9, 2011. The number seats available may have changed since this document was created, so we strongly encourage you to contact the schools directly to obtain their most current information concerning the number of available seats for out-of-boundary students. Please keep in mind that you are guaranteed a seat at your in-boundary school for grades K-12.

If you are interested in any of the schools below or you would like to be placed on the waitlist for a school that is not below, please call the school directly. You can find the phone numbers for all DCPS schools on the school profiles at <http://profiles.dcps.dc.gov>.

Please note that some schools with seats available may also have students on the waitlist. This is due to the fact that several waitlisted students were admitted to schools they ranked higher on their out-of-boundary lottery application. Schools in this situation are likely to move through their waitlist quickly, as these families have already been offered seats at other schools.

**If a family is next in line to be admitted from the waitlist and a seat becomes available**, registrars will work diligently to contact that family. **If they are not able to contact them within five business days**, they have been instructed to move on to the next family on the waitlist.

Please contact the Critical Response Team at 202-478-5738 if you have any questions.
